

## Calculating Your Dietetics Major Application GPA

To be eligible to apply to Dietetics, you must have a minimum academic standing of 70%, calculated based on all Dietetics prerequisite courses and any year 3 and 4 Dietetics program courses taken.

### Notes:

1. Elective courses are not included in this calculation.
2. Marks are weighted based on their credit value (e.g. a 6-credit course will contribute twice as much weight to the GPA as 3-credit course).
3. If you have repeated a course, an average of the marks is used.

---

### Sample template for calculation of GPA:

Course	Credit Load	x Grade Received	= Weighted Grade
e.g. ENGL 112	3	x 76%	= 228
e.g. BIOL 112	3	x 82%	= 246
e.g. BIOL 140	2	x 90%	= 180
e.g. BIOL 121	3	x 79%	= 237
e.g. PSYC 100	6	x 72%	= 432
<b>TOTAL:</b>	<b>17</b>	<b>(n/a)</b>	<b>1323</b>

**Total Weighted Grade ÷ Credit Load = WEIGHTED GPA**

e.g.  $1323 \div 17 = \underline{77.8\%}$

---

Now do the same for your own courses. As a reminder, the courses to include in the calculation of GPA are:

- **1<sup>st</sup> and 2<sup>nd</sup> year prerequisites**
- **Any 3<sup>rd</sup> and 4<sup>th</sup> year program courses you have taken**

For a list of applicable courses, 2018 applicants should refer to the [academic calendar archive](#), and 2019 applicants should refer to the [current academic calendar](#).

### **NOTE FOR TRANSFER STUDENTS:**

In keeping with UBC Admissions practices, if course grades on your academic transcript(s) are indicated in percentages, those percentages will be used towards your GPA calculation. If course grades are indicated in letter grades only (no percentages), the following chart will be used to determine which percentage we'll use towards the GPA calculation.

Letter Grade	Percentage (%)
A+	90
A	85

Letter Grade	Percentage (%)
A-	80
B+	76
B	72
B-	68
C+	64
C	60
C-	55
D	50
